

ACCIDENT TO WESTLEY LINEMAN

John Phillips' Wrist Broken by Fall from Pole—Funeral of Elisha M. Palmer—Miss Cotter Going to Panama—Barber Will to be Contested—Stiles T. Eggleston's Death at Ashwille.

John Phillips, an experienced lineman in the employ of the Automatic Telephone company, met with a serious accident while attempting to show a new man how to climb a telephone pole Tuesday morning. This pole is a square one, located near the corner of Pleasant and Dayton streets. The new man had made several unsuccessful attempts to climb the pole, which proceeded through the branches of a pine tree.

Mr. Phillips climbed the pole to a height of about ten feet and then stepped to a branch of the tree. The branch broke and Mr. Phillips fell to the ground, striking on his right arm, breaking it near the wrist. He also sustained minor injuries. He went to the office of Dr. Scanlon and the fracture was reduced.

Miss Hortense States of Stonington was more seriously injured than was at first supposed in the accident near Pleasant and Dayton streets Monday morning, when she and her two sisters were thrown from a buggy that was upset in a runaway. It was supposed that her injury in the main was a bruise on the head and a laceration of the arm. But after her return home to Stonington it was learned that three ribs on the left side were broken and she is otherwise internally injured.

The flag on the Memorial building was at half mast Tuesday in respect to the memory of Elisha M. Palmer, a member of Building post, G. A. R., who died Saturday in the Channing hospital. Providence, where he had been employed. The body arrived on the noon train from Providence and funeral services were held in Calvary Baptist church, Rev. F. C. A. Jones officiating. The members of Building post attended in a body. Burial was in River Bend cemetery, the committal service being in accordance with the ritual of the Grand Army of the Republic.

Mr. Palmer enlisted in Company A, Seventh Rhode Island volunteers, Aug. 8, 1862, and was honorably discharged June 8, 1865. He resided in Westley for two years ago, when he secured employment in the Channing hospital.

The playing of Mike Donovan of Westley, outfielder on the Brooklyn team of the New England league, was a feature of the game with Fall River at Brockton Monday, when the home team won by the score of 3 to 1 and took second place in the league contest.

Donovan was at bat four times and made four of the eleven hits of the game. He put out two, stole a base and made three of the eight runs scored. Lynn leads Brockton for first place by the narrow margin of three points, the percentage being Lynn .414, Brockton .411.

The Sabbath school of the First Seventh-day Baptist church, the kindergarten held its annual outing Tuesday at the Wequetequoque casino. The party came from Ashwille in two special coaches.

tuck dock, died Monday night at the Bridgeport hospital from liver troubles.

Ansonia.—For the second time a camp for the Y. M. C. A. boys is to be conducted upon the Housatonic river by the Ansonia association. As before, the camp site is located near Otter Rock.

Newtown.—Sunday, August 1, at St. Rose's church, Newtown, the golden jubilee of the parish will be held. It will be half a century to a day since the Roman Catholic parish of Newtown was formed.

Middleton.—The selectmen advertised some time ago for bids for \$248.00 refunding Air Line bonds to bear interest at the rate of 5 1/2 per cent. The bids were to be opened at noon Monday at the office of the town treasurer, Stephen B. Davis. There was but one bid and that was reported unsatisfactory, so that the bonds were not sold.

NEW AUTOMOBILE LAW.
Automobile Association Makes Protest to Governor.

The new automobile law that has been passed by both branches of the general assembly and is in the hands of Governor Weeks for his signature does not meet with the approval of many of the automobilists of the state and a protest has been lodged with the governor.

The grounds of protest are outlined by the Connecticut Automobile club as follows:

1st. The proposed law is full of errors, chaotic and difficult for even a lawyer to understand.

2d. The scheme of taxation proposed is absolutely unjust and one that automobilists will not stand, if the courts will not.

3d. There is no provision for reporting many of the convictions to the secretary of state. This is a very vital error, as reports of convictions are the basis of suspension of the licenses of reckless drivers by the secretary.

4th. Various penalties are omitted from the proposed law, so there are prohibitions with no means of enforcement of them.

5th. There is no provision for reporting many of the convictions to the secretary of state. This is a very vital error, as reports of convictions are the basis of suspension of the licenses of reckless drivers by the secretary.

6th. The provision of the old law giving an owner the right to offer his car as security for bail is omitted in the new law. This is very unjust, as a stranger might have to spend a night in jail for the lack of a fifty dollar real estate bond, when he had a five thousand dollar car he could give as security.

CHANGES PLANNED.
A Radical Difference in Drawing of Jurors.

Pending before the legislature is a bill favorably reported to the house which will revolutionize the jury system at present in use throughout the state, if it is passed. The bill will also increase the number of jurors.

One important change which the bill provides is that the mayor of every city shall appoint three electors from his city, only two of whom may be of the same political faith, who shall serve as a jury commission for the ensuing year in place of the selectmen, who shall select only for the towns. Thus the present jury commission is done away with.

Another section of the bill is aimed at the so-called "professional jurors" and reads: "No juror shall be impaneled in a new case after he has been in attendance therein eight court weeks."

The next paragraph increases the number of challenges which either party is allowed to make in the selection of a jury. According to the measure, four challenges are allowed in civil cases, where only two are permissible at present. In criminal cases, punishable by death, 25 jurors may be challenged; for offense punishable by life imprisonment, 15; for an offense punishable by imprisonment in the state prison for a term of less than life, eight; and for any other criminal offense before the superior court, or criminal court of common pleas, or district court, four. At present only 20 jurors may be challenged in capital punishment cases, and in ordinary cases two challenges are allowed.—Middletown Press.

GUILFORD TROLLEY LINE.
Company Formally Organized at Meeting Held in Meriden.

The Meriden, Middletown and Guilford Electric Railway company was formally organized at a meeting held in the Meriden Journal office Saturday, when the ten incorporators subscribed for the stock, voted to build and elected officers. Engineers will start at once making the layout from the Meriden end, beginning at a point near Black pond, and the work will be pushed so that it is believed the road will be in operation as far as Durham at least by Memorial day, 1910.

The original charter for this road was granted by the 1907 legislature, and while a two years' extension was asked and granted by the present legislature, the necessity for this is obviated by the organization and the plans to proceed at once with the building. This road will have a tributary connection of 3000 ft. to the Meriden trolley line from Hartford, Meriden, Middletown, New Britain and other places to the shore and a trolley in Guilford, something that was long been needed.

The total number of immigrants coming into the United States since 1870, the year of earliest record, exceeds 25,000,000.
